Proceedings of the Members of the Kolar Municipal Board at a meeting held on Monday the 13th day of May 1895.

× × ×

× ×

(a) Some time back Mr Standish Lee Sanitary Engineer visited Kolar and proposed a scheme for the water supply to the town of Kolar. He might have submitted it to the Government for sanction by this time, but no steps appear to have been taken in the matter. The Government might therefore be requested to sanction the project at an early date if the scheme had already been submitted as the sufferings of the people are daily increasing.
